---

Dear Partner,

With reference to para 4.3 of our contract between our companies for the collection of communal pharmaceutical waste, we would like to inform you that beginning from 1st July, 2019 we are forced to increase our fee to HUF 0,88 + VAT / box/year.

In consequence of the more and more environment conscious public's action, during the first five months of this year the quantity of the communal pharmaceutical waste collected by our company increased by 31 % compared to the same period of last year and our estimates as well, and this tendency seems to continue in the future also.

We do our best in order to minimize our costs but because of the steep increase of the quantity, we are not able to keep our financial budget and this risks the collapse of the collection system. Therefore, unfortunately we cannot avoid the increase of our fee.

Dear Partner, we hope you understand the necessity of the increase and approve it.

Budapest, 4th June, 2019

Yours faithfully

András Miklósi  
Managing Director
